Submits for orders copy of a letter 9.9.9.15 from Mr. Berth Tucker Simla, praying for the Contce of the grant to the Tala Silk Farm for a further period of 2 yrs. from 1.9.15.

1 An annual grant of Rs. 3000 was sanctd. by Govt. in 1906 when the farm was under the management of Messrs. Tala. In 1909 the management of the farm was transfd. to the Salvation Army & the grant of Rs. 3000 with the rent-free use of the lands was continued for a further period of three years in the first instance ~~and these concessions~~ again & again from time to time till 31st Augt. 1914. The Govt. grant was reduced to Rs. 2000 & continued for another year for the last time till the end of Augt. 1915.

2 The lands of the farm were sold to the Salvation Army by G.O. 26.8.14 the usual assessment being levied from the Army.

3 While continuing the grant at a reduced rate for the last time Govt.

have observed that as they are spending large sums of money on experiments in sericulture they do not consider it expedient to continue the grant indefinitely to the silk farm. Even the cont.ce sanctioned was in order to prevent inconvenience by the sudden stoppage of the grant.

4 The abovementioned decision of Govt. was arrived at after consulting the Jt. of Edn., the Lett. to the Apl. Cons. of the Ec. cont.ce, Dr. of Agre., Dr. of I. & C., & the silk expert. ~~Lett. to the Ec. cont.ce~~.

5 On the present application the Jt. has not given any opinion.

6 If it is decided to continue the grant Dr. II will have to be consulted.

7 Submit for orders.

8/12 Jt. 12.10.15 I think the Jt. Dir's opinion may be called for & be ~~[illegible]~~ also the opinion of the Agricultural Committee being called for. Let Both Members letter; as also the opinions of the other officers mentioned above. Put up draft & submit to Govt. at once.

Mr Secy Dr II will help the Financial dept in giving an opinion on the case as it touches the administrative aspects of the question. There is a certain amount of training done in our non sericultural farms but it is better to train a few students in Seri farm also. I do not quite understand the point of the 2nd query. It is too vague and general. Both their methods of rearing and reeling are good. At a time when the sericultural industry was practically neglected the farm did something to revive it and it is continued. In view of the good work already done and of the fact that it serves as a splendid demonstration farm, the point recommended is fully merited. Dr B & II

9/12. 9/12

30) ~~The facts urged~~ The reasons for which

GPB—20,000—30-6-15

Serial No.

the continuance of the Grant is now urged were all before Govt last year when they deliberately sanctioned the continuance of a reduced Grant for one year merely to prevent inconvenience by the sudden stoppage of the Grant. There are no new facts urged now in support of the Grant. Looking at the continuance of the Grant merely from the point of view of Govt, it would appear that the Salvation Army Farm is not necessary for advancing any interests of the Mysore Govt or the Mysore public. The Chamarajpet and other farms of Govt can train the local people in sericulture and it is said in a more scientific way too. Under these circumstances there seems to be no need to continue the Grant merely to enable the Salvation Army to carry on its own propaganda ~~propaganda~~ work.

Sir M. Visvesvaraya, B.A., L.C.E., M.I.C.E., C.I.E.,
Dewan of the Mysore State,
Bangalore.

My dear Dewan Sahib,

May I trouble you in regard to the continuation of the Grant for the Tata Silk Farm, Bangalore? You will remember that it was reduced a short time ago from Rs:3,000. per annum to Rs:2,000. I certainly think that this was rather hard upon us, considering the good work that has been put in by the Institution.

However, we have not allowed the Institution to suffer as a result; but the Manager writes to tell me that if the grant is not continued, we must immediately arrange for various economies to be introduced, and I should be very sorry for the necessity for this to arise. I trust, therefore, that our application for the continuance of the grant for a further period of two years may meet with your support and approval.

I am sending in the application to the Inspector-General of Education, as I understand that this is the proper course to pursue.

My wife joins me in sending her kind regards,

Believe me,

Yours sincerely,

F. Booth Tucker

No. 6599 / 297 Enc. 1

Bangalore, 2nd October 1915

From

Rao Bahadur
M. SHAMA RAO, ESQ., M.A.,
Inspector-General of Education in Mysore.

To

Peter George D'Souza, ESQ., B.A., B.L.,
Secretary to the Government of H. H. the Maharaja of Mysore,
Education and Agriculture *Departments.*

SIR,

With reference to Government Order No.1069-76/Edn.242-13 dated 5th November 1914, sanctioning the continuance of the Grant of the Tata's Silk Farm, Bangalore, at the reduced rate of Rs.2,000 per annum for one year from 1st September 1914, I have the honour to submit herewith for the orders of Government copy of letter dated 9th September 1915 from Mr. F. Booth Tucker, Simla, praying for the continuance of the grant for a further period of two years from 1st September 1915.

I have the honour to be,
Sir,
Your most obedient servant,

M. Shama Rao.
Inspector General.

TNR.

Letter dated 9th September 1915 from Mr. F. Booth Tucker, to the Inspector General of Education in Mysore.

I have the honour to call your attention to the fact that the Government Grant of Rs.2,000 per annum for the Tata Silk Farm, Bangalore, will be expiring in the course of a few months, and I would beg for its renewal for a further period of two years.

You will be aware that the scope of the School has been very much extended during the last few years, and we have now got a staff of something like 100 workers and students connected with it.

At the same time, you are aware that with students there is a great deal of wastage, both of time and material, and the small grant made to us by Government does not really make up to us for the loss that we incur, should the Institution be looked at from a purely commercial standpoint.

You will, I am sure, also bear in mind the fact that for every rupee we receive from Government, the Institution itself raises about eight for its own support. This is, we think, about as much as can be fairly expected.

The fact that we have supplied the Mysore Government with a number of trained experts for the improvement of the silk industry in the State, at a minimum cost to the State, will, I am sure, commend itself to you, and I trust that the application may receive your favourable consideration and support.

"C o p y"

Inspector General.

OFFICE OF THE
DIRECTOR OF INDUSTRIES AND COMMERCE,
"BEDFORD HOUSE," HIGH GROUND,

Bangalore.....26th October.....*191* 5.

FROM

ALFRED CHATTERTON, ESQ., F.C.G.I., C.I.E.,

Director of Industries and Commerce in Mysore,
Bangalore, (India).

To

The Secretary to the Government of Mysore,
Departments of Education and Agriculture,
Bangalore.

SIR,

With reference to your letter No. Camp 5-7/Edn.3-15 dated the 14th October 1915, I have the honour to state that it is difficult for me to express any opinion on this point as I have not been made acquainted with the policy which Government intends to pursue in regard to the development of the Silk Industry. Mr. Booth Tucker bases his request mainly on the fact that he is supplying the Mysore Government with a number of trained experts; but whether Government are satisfied with these so-called trained experts or not, I have no information. It seems desirable to point out that the Tata Silk Farm at Bangalore is not working in the interests of the Mysore State but in the interests of the Salvation Army with a view to developing the silk industry in other parts of India. This is a very laudable object but it seems to me questionable as to whether it is one to which the Durbar should contribute funds as the more successful the work of the Salvation Army the more competition the Mysore silk growers will experience.

Under these circumstances, I see no reason why the Mysore Government should be called upon to contribute to the support of this institution merely because it is located in the State. Every other Province in India and every other Native State might equally

be

Gon 3-15-28 38/11

be asked to make contributions. The decision as to whether the grant should be renewed or not seems to me to depend therefore on two things:

(1) Whether the work carried on in the Tata Silk Farm is in accordance with the general principles adopted by the Mysore Government in regard to Sericulture; and

(2) Whether the practical results of the work are of any benefit to the State.

As I have already mentioned, I am not in a position to give an answer to either of these questions.

I have the honour to be,

S i r,

Your most obedient servant,

Agra Chatterton

Director of Industries & Commerce.

DEPARTMENT OF AGRICULTURE,
MYSORE STATE.

OFFICE OF THE DIRECTOR OF AGRICULTURE

Bangalore, 2nd November *1915*.

FROM

H. V. KRISHNAYYA, ESQ., B.A., F.C.S.,
Officiating Director of Agriculture in Mysore,
Bangalore.

To P. G. D'SOUZA, Esquire, B.A., B.L.,
Offg. Secretary to the Government of
of His Highness the Maharaja of Mysore,
Deptts. of Agri., &c., Bangalore.

SIR,

In reply to your letter No. Camp 5-7/Edn.3-15 dated 14th October 1915, I have the honour to state that the Tata Silk Farm shows distinct signs of improvement in several directions over what it was some time ago. It attracts a large number of visitors and thus provides a show place, where all the operations of Sericulture can be seen from start to finish. I was told that a good number of Mysore men have passed through it fully trained in the business. It has designed, manufactured and recently placed on the market a few portable machines applicable in Sericulture. It is now manufacturing cloth on the premises from cocoons, pierced or otherwise unfit for reeling. That the work of the Farm is being appreciated lies in the fact that there are a few students who pay fees and learn the work. The Farm is doing useful work and therefore deserves encouragement.

2. As the operations of the Farm have extended and the output

Edn 3-15-24 15-42

of manufactured silk has increased latterly, I should have thought that the Farm would be self-supporting by now. But since they say that it is not, it would be a pity if it was handicapped by the sudden withdrawal of Government support. Taking all things into consideration, I am of the opinion that a reduced grant of Rs 1,000/- may be continued for a period of two years subject at the end of that period, to complete stoppage or a further reduction. The Sericultural School and other measures contemplated by Government for the improvement of Sericulture in the State would in all probability be in full operation by this time. In consideration of this grant, the Tata Silk Farm may be requested to take students sent to them by the Economic Conference or other similar public bodies as heretofore.

3. I regret the delay in answering this letter. I was called away to Mysore soon after I received it and I wished to look over the place before I sent a reply.

I have the honour to be,

Sir,

Your most obedient servant,

A Krishnaiyer

Offg. D~~irector of Agri~~culture.

M. SHAMA RAO, ESQ., M.A.,
Inspector-General of Education in Mysore.

To

.....Peter George D'Souza, Esq., B.A., B.L.,
Secretary to the Government of H. H. the Maharaja of Mysore,
.....Education and Agriculture.....*Departments.*

SIR,

With reference to your letter Camp No.8/Edn.3-15 dated 14th October 1915 calling for my opinion in the matter of the continuance of the grant to the Tata's Silk Farm, Bangalore, I have the honour to state that the Circle Inspector of Education, Bangalore who inspected the Farm on the 15th and 16th instant reports that work is carried on in all the Departments of the Farm with efficiency and that Rs.2,000 per annum is the minimum amount of aid that the Farm may expect from the Mysore Government. A copy of his Inspection Notes is submitted herewith for the information of Government. I agree with the Circle Inspector in the remarks made by him and recommend that the grant of Rs.2,000 per annum sanctioned to the Farm may be continued for a further period of 3 years from 1st September 1915, the extra charge during the current year, viz., Rs.1,500, being met from the provision of Rs.19,400 under "18 Education, 8 Grants-in-aid, 7 Building and Lumpsum grants for aided schools" in the current year's budget.

As for the Circle Inspector's suggestion that the Government should reserve to themselves the right of periodical inspection and of making suggestions for the development of the work of the Farm,

instead

19

96

instead of giving the Salvation Army a perfectly free hand in the management of the Farm, I beg to state that that power exists under the Grant-in-Aid Code and that no special orders are necessary.

I have the honour to be,

Sir,

Your most obedient servant,

N. Subrahmanya

Special Assistant to the
Inspector General.
For Inspector General

Come to Gen 3-15-28 20 47

NOTES ON THE INSPECTION OF THE SALVATION ARMY.

TATA SILK FARM, BANGALORE.

---o:O:o---

I inspected the Salvation Army Tata Silk Farm, Bangalore, on the 15th and 16th November 1915. Work is carried on there in five departments, viz.,

i. The mulberry garden for growing healthy mulberry leaf and fruit.

ii. The worm department in which worms and cocoons are reared.

iii. Reeling department in which the silk is reeled from the cocoons, those reared on the farm as well as purchased from outside.

iv. The Weaving Department in which the silk manufactured on the farm and the yarn purchased are woven into cloth.

v. The Carpentry Department, where looms are made and repairs of wood-work are carried out.

vi. The general instruction department in which 9 Kanarese students and 20 Tamil students from among the workers on the farm are taught Kanarese and Tamil for 2 hours every day.

Work is carried on in each of these departments efficiently and with great attention to neatness, orderliness, scientific methods and economy. The educational aspect of the institution is kept prominently in view while not departing from business methods.

2. The mulberry garden measures 10 acres, of which 3 acres are irrigated from wells and is in a flourishing condition. The Worm Department has been especially useful to people engaged in Sericulture all over the country in supplying healthy eggs which are sold in cards of 2,000 eggs at 4 annas per card. The farm also buys silk cocoons very largely from the men in the surrounding villages. During the last year 9,000 pounds of silk cocoons were purchased from the villagers besides about 1,900 pounds reared on the farm. Eri-cocoon rearing was also done on a small scale. In the Reeling Department, 20 reeling basins are working; the silks manufactured are spoken of highly and command a ready sale. Reeling Machines and looms are made in the Carpentry Department and sold to purchasers. The farm is also doing valuable work indirectly in disseminating scientific knowledge by correspondence and all enquiries are answered and every practical help is extended to people already engaged in Sericulture or intending to take it up as an occupation.

3. The value of the institution from the purely educational point of view, so far as the Mysore State is concerned, consists in that it is giving practical instruction in Sericulture and silk-weaving to a large number of young villagers and others who seek for such instruction. Last year it trained 31 Mysore boys and young men in these arts, besides 30 others from the various parts of the Madras Presidency. These 30 outsiders who are Christians are fed, clothed and taught at the farm. Of the 31 Mysore students trained last year, 12 were Government students. This year it would appear that the majority of Government students were sent to Channapatna Silk Farm, but their place has been taken by more boys and young men from the villages so that there is nearly the same number of Mysore learners on the Farm, viz., 30. Many of these learners are paid wages varying from Rs.4 to Rs.8 and the total amount of wages so given to the Mysore learners alone amounted to last year to about Rs.89 per month.

4. The total capital outlay on the Institution is as follows:-

Land	Rs.9,100
Old Buildings	7,700
Machinery	1,260
New Buildings erected and repairs to old ones	2,000
	Rs.20,060

5. There are in all 96 hands employed on the farm, of whom 46 are Mysoreans and 50 outsiders. The men are paid wages from Rs.10 to Rs.20 per month and the women from Rs.6 to Rs.8 per month. The total monthly expenditure on establishment in all the Departments amounts to Rs.633-6-0.

6. During the last year cocoons and yarns were purchased to the extent of Rs.8,660-15-5, 11,520 Rs. worth of silk was manufactured and Rs.7,226 worth of silk sold during the same period.

7. From the foregoing account it will be clear that the useful work done by the Farm so far as the Mysore State is concerned lies in

i. giving practical training to about 30 boys and young men in Sericulture and Silk-weaving, while giving many of them wages or scholarships at Rs.4 to Rs.8 per month;

ii. supplying healthy eggs of silk-worm to purchasers in the villages;

iii. purchasing silk cocoons from the villagers;

iv. employing about 40 hands of skilled men and women on work which is conducted chiefly in a philanthropic spirit and only very partially on commercial principles;

v. disseminating useful scientific and industrial knowledge over the country.

8. Estimating the Industrial Education given to Mysore students at the modest estimate of Rs.50 per head, the purely educational work could be valued at Rs.1,500 per year and as the Salvation Army work is well known to be far from commercial in spirit though business-like in its methods, credit should also be given for the value of the other kinds of useful work done in the State as well as for the wages or scholarships to the extent of nearly Rs.1,000 per year given to the Mysore learners.

9. On the whole, I am inclined to think that Rs.2,000 per year is the minimum amount of aid that the Salvation Army, Tata Silk Farm may reasonable expect at the hands of the Mysore Government. I may add that more Government students may, with benefit, be sent to the Tata Silk Farm every year, if practical training in all aspects of Sericulture and silk-weaving rather than theoretical instruction is desired for them. In case more students are sent by Government or more villagers seek instruction in the Farm on their own account next year, the aid may be proportionately increased; but in any case it seems desirable that Government should reserve to itself the right of periodical inspection and of making suggestions as to how the work of the farm may be developed so as to yield results of practical benefit to the State instead of giving the Salvation Army a "perfectly free hand in the management of the farm" as stated in Government Order No. 4992-6/Edn.446-08-8 dated 10th December 1909.

(iv) " 2059 dated 9th December 1915 from the Secretary Agricultural Committee, Economic Conference.

Order No.

Dated Bangalore the December 1915.

In the order read above it was stated that in view of the fact that Government were spending large sums of money on experiments in sericulture they did not consider it expedient to continue the grant to the Tata Silk Farm indefinitely.

Government have taken into consideration the opinions and recommendations received on the subject.

In view of the increasing expenditure incurred by Government directly on sericultural operations in the State, Government regret that the grant to the Tata's Farm has to be reduced. In order to avoid the inconvenience which may be caused to the Farm by the complete stoppage of the grant, They Government are -- pleased to sanction a grant of Rs.1,000/- per year for 2 years to the Silk Farm with effect from 1st September 1915, subject to the same conditions as the original grant.

9th Sep. 15 from Comr. of Book Tucker of the Salvation Army applying for a renewal of the grant for a further period of two years to the Farm.

(3) The following communications on the subject:—

(i) Letter no. 1432 of 26.10.15 from the Dir of I. & C in Mysore
(ii) " " 117/AS of 2.11.15 " Actg. Dir of Agri.
(iii) " " 10178/456 of 27.11.15 " I.-C. of Com. in Mysore
(iv) " " 2059 of 9/10th Dec. 15 " Secy.-Agrl. Com. of the Ec. Con. Ass.

Order.

In the order read above it was stated that in view of the fact that Govt were spending large sums of money on experiments in Agriculture they did not consider it expedient to continue the grant to the Tata Sick Farm

3. 60

increasing expenditure incurred by Govt. directly on sericultural operations in the State Govt. regret that the grant to the Talab's Farm has to be reduced. Govt. are pleased to sanction a grant of Rs 1000 per year for 2 years to the silk Farm with effect from 1st Sep. 1915, subject to the same conditions as the original grant.

In order to avoid the inconvenience which may be caused to the Farm by the complete stoppage of the grant

(*Continuation sheet draft form.*)

After considering the various recommendations received,

Govt. have taken into consideration the opinions & recommendations ~~from~~ received on the subject.

indefinitely.

The I-C. of Eco recommends that the present grant of Rs 2,000 per annum may be continued for a further period of 3 years. The Agri Com. also recommend that the present grant of Rs 2000 may be continued for another year. The Dir of Agri states that the farm shows distinct signs of improvement in several directions and recommends a reduced grant of Rs 1,000 for a period of two years subject to complete stoppage or a further reduction at the end of that period.

To

P. G. D'SOUZA, ESQ., B.A., B.L.,
Secretary to the Government of H. H. the Maharaja of Mysore,
Education and Agriculture *Departments.*

SIR,

With reference to Government Order No.3557-63/Edn.3-15-36 of the 27th ultimo sanctioning the continuance of a grant of Rs. 2,000 for another year from the 1st September 1915 to the Tata Silk Farm at Bangalore and directing that the current year's charge for the purpose may be met by re-appropriation from the Educational Budget, I have the honour to inform you that the source from which the current year's charge of Rs.1,500 is to be met has already been pointed out in this office letter No.10178/456 of the 27th November 1915, and to request that the re-appropriation suggested may be kindly sanctioned.

I have the honour to be,
Sir,
Your most obedient servant,

M. Shama Rao,
Inspector General.
